Enclosed is the request for pre-amendment and the Substitute Forms 1449.

There is a column on each of the 1449 labeled "Cite No." I wasn't sure if I was to fill this out, or if you were, so I've included two sets, one with and one without that column filled. I've mailed copies of all of these along with copies of the cited articles.

As I've said, I'm new at this, and trying to learn as I go along. I'm grateful to you for your patience in explaining to me what procedures I should follow.

Thank you again. I'll call tomorrow to make sure everything has arrived.

Sincerely,

Ronald P. Lesser, M.D.
